WE SHALL
NEVER FORGET
THE BATTLE OF
WATERLOO
ROAD!

The Associated Farmers of California must not longer be allowed to rule the workers. The Thugs and Vigilantes of San Joaquin County under the guidance of Col. W. Garrison, President of the Associated Farmers and Sheriff O'Dell of Stockton shot our brothers and workers down, BECAUSE THEY FOUGHT FOR HIGHER WAGES AND BETTER CONDITIONS IN THE CANNERIES.

The shooting of workers is Fascism and Dictatorship, like in Germany and Italy.

Don't let it happen here again!!!! We must keep this country free and safe for the workers.

We the workers are the producers of everything in this country, we have a right to a decent life.

WE MUST ORGANIZE, FOR STRENGTH AND SAFETY LIES IN NUMBERS AND SOLIDARITY. DON'T BE SHOT AND BEATEN INTO SUBMISSION BY THUGS AND VIGILANTES WHO ARE THE HIRED TOOLS OF THE ASSOCIATED FARMERS OF CALIFORNIA.

We are tired of the long hours and low wages paid by the Associated Farmers, we are sick of living in their filthy camps.

Now is the time for us to get together and organize for 40 and 80 cents an hour for field labor, for \$1.25 to \$1.75 per hundred for cutting asparagus- Demand \$ 6 and up per acre for thinning beets, Demand clean camps, demand showerbaths, Demand the eight hour day on California farms, Demand time and one-half for overtime work.

THE BIG DRIVE TO ORGANIZE ALL FIELD WORKERS IN SAN JOAQUIN COUNTY IS ON NOV... JOIN THE UNION TODAY DON'T WAIT

Early in the morning of the twenty-third
Stockton cannery workers assembled at the gates.
Two 24-hour truces had already been deferred;
And before the cannery we met Odell and his mates.

Marching down the road of Waterloo
Went our united union forces;
To prove to tanks they could not do
The bidding of their bosses!

Colonel Garrison's thick-pated mutts were there
From Manteca, Lodi and other spots, of course;
With guns and other weapons of warfare,
Determined to open St. Sure's cannery by force.

With flaming guns and dirty deals
They shot us workers down.
We held our lines against these heels
And many a fiak did crown.

We gave their plans a royal boot
And sealed the gates in St. Sure's face.
So now we know their grass and fruit
Will make them set a different pace.

We workers pulled a heavy load
To do this thing we had to do;
And at the Battle of Waterloo Road
Fascism met its Waterloo!

THE BATTLE OF WATERLOO

It was early in the morning on the road of Waterloo
Where we workers were united against Odell and his crew.
We were there waiting for an answer from St. Sure
And stood on the picket line a-fighting for the poor.

We were not there long before trouble began to brew;
And it was a dreary day on the road of Waterloo.
Now comes the sad story and it makes us feel so blue
When we see our brothers wounded on the road of Waterloo.

We held them in that battle against their guns and clubs.
They saw that we were winning against dirty Lodi thugs.
We charged them to the limit and they saw that we could win;
So they started using buck-shot to break our lines in two.
But they found we came to stay on the road of Waterloo!

We workers in the canneries have won this fight for you,
From the masters and the bosses in the battle of Waterloo.
Now come all you field workers, let's see what we can do;
For the workers in the fields now have lots to do.
Let's carry this battle onward from the road of Waterloo.
